Friends of the Lower Lines opened a bank account in 2007, having received £100 from Medway Urban Parks and Green Spaces Forum (MUPGS). Medway Council also provided the group with a leaflet designed by Groundwork. Mid Kent College hosted several meetings at the site of the new college free of charge. The college also purchased a display stand for the group to use at publicity events. Members' subscriptions in the first year totalled £22. Later in 2007, new members' subscriptions were added, which totalled £15 in March from new members and a donation. In 2008, Chatham World Heritage Community Fund awarded the group £1,000. This money was not be paid directly into the FoAG website; web developer, room rent and printing costs will be paid directly by CHW in 2009. Members' subscriptions totalled £14.70, lodged to the account in 2008. Mid Kent College kindly printed some leaflets for the group to publicise their work in the community.
